Colmac Employee Isael Vazquez Featured in Parkland College Newsletter

Champaign, IL: Isael Vasquez, a TIG welder at Colmac Coil's Paxton, IL plant has been featured on the cover of the Parkland College newsletter. Vasquez was spotlighted for his determination and dedicated work ethic.

Parkland's Accelerated Opportunity (AO) Program allowed Vasquez to complete his basic reading, writing, and math classes while participating in college classes to earn his welding certificate. He has now earned American Welding Society D1.1 certification in seven positions. "I know that through hard work I can do many things to provide for my family and be successful," said Vasquez. About Colmac Coil Manufacturing, Inc.

Since 1971 Colmac Coil has provided customers worldwide with innovative heat exchangers and heat transfer solutions for industrial refrigeration, HVAC, power generation, and gas compression applications. The company builds heating and cooling coils, refrigeration air coolers and blast freezers, air-cooled fluid coolers and condensers, and heat pipes for heat recovery. State-of-the-art selection software accurately calculates heat exchanger performance for a wide range of working fluids, materials, and operating conditions. World-class manufacturing facilities in both Washington State and in Illinois provide customers with fast delivery times and outstanding after sales support. www.colmaccoil.com
