Australian Patent Awarded to Bruce Nelson

Colville, WA: Bruce Nelson, President, has been awarded a patent by the Australian Government for his innovations regarding plate freezers. Nelson's new approach to plate freezers help eliminate or reduce common problems with traditional plate freezers. The result is a safer and more profitable process. The entire patent is available for viewing [here](#).

About Colmac Coil Manufacturing, Inc.

Since 1971 Colmac Coil has provided customers worldwide with innovative heat exchangers and heat transfer solutions for industrial refrigeration, HVAC, power generation, and gas compression applications. The company builds heating and cooling coils, refrigeration air coolers and blast freezers, air-cooled fluid coolers and condensers, and heat pipes for heat recovery. State-of-the-art selection software accurately calculates heat exchanger performance for a wide range of working fluids, materials, and operating conditions. World-class manufacturing facilities in both Washington State and in Illinois provide customers with fast delivery times and outstanding after sales support. www.colmaccoil.com
